Subject: WaterFix SDEIS draft cover letter

Kathleen –

Attached is the current draft cover letter for our comments on the WaterFix SDEIS. I have not yet reviewed the Detailed Comments, so I am not attaching those, but I thought you might like to see how this is shaping up before Monday's briefing for Gina. I don't recommend sending it to HQ until after I have reviewed the Detailed Comments, just in case any corrections are needed for accuracy.

We have another letter due out on Monday, which I need to finish reviewing now, so I'll start working on the WaterFix Detailed Comments next week.

Have a great weekend!

-Kathy
